- a. Ready-to-feed formula may be indicated in limited documented cases, such as:
 - (1) Unsanitary or restricted water supply
 - (2) Inadequate refrigeration
 - (3) Caregiver has a documented condition which inhibits the proper dilution of concentrated or powder formula.
 - (4) For participants in Food Package III with a qualifying medical condition and who are receiving exempt infant formulas or medical foods (a) if the ready-to-feed form better accommodates the participant's medical condition or (b) if the ready-to-feed form improves the participant's compliance in consuming the prescribed formula.
- b. If a health care provider with prescriptive authority orders a product that is not on this list, contact the Nutrition Services Unit to determine whether the product is authorized for distribution through Georgia's WIC.
- c. Special formulas may be acquired through the Nutrition Services Unit. See Georgia's WIC Procedures Manual, Food Package Section for appropriate procedure and forms.
